

Town of Minturn Economic Development Advisory Committee Member Commitment Agreement

In accepting the role as an Economic Development Advisory Committee Member (herein after referred to as EDAC), I recognize that with this responsibility comes a commitment to support the Committee, its efforts, and policies, and to assist in meeting the mission and vision of the EDAC.

As a member of the EDAC, I have a responsibility to ensure the Committee does the best work possible in pursuit of its goals. I support the purpose and mission of the Committee and pledge my commitment to assist in carrying out its work.

As a committee member, I will consistently act responsibly and prudently. I understand my role to include:

- A moral obligation when in committee meetings to put first the well-being of the Committee and the Minturn business community above all other personal interests.
- Attend committee meetings whenever possible. (The committee understands time and commitment conflicts and recognizes not all meetings may be able to be attended).
- Attend Council meetings when presenting the EDAC's agenda or body of work (estimated one per year).
- Review all Committee materials/recommendations, in advance of the discussion, so that I can help the Committee make effective and timely decisions.
- Interpret the Committee's work and values to the community, represent the Committee, and serve as a spokesperson.
- Take responsibility for making decisions on all Committee matters.
- Act as a resource for the Committee in defining opportunities and/or problems within the business community that need to be brought to the attention of the Committee.
- Excuse myself from discussions, decisions and votes where I may have a conflict of interest.
- Work in good faith with my fellow Committee members and staff toward the achievement of the Committee's goals.
